

## INTRODUCTION

The Professional Assessment Center is an outpatient service available to assess clients for mental health issues that interfere with optimal functioning. The PAC is a multidisciplinary program that is intended to help clarify diagnostic questions regarding unhealthy behaviors.

Individuals who are facing significant consequences because of their behaviors such as vocational sanctions or divorce can be assisted through this program. Referrals come from individuals, professional licensing boards, attorneys, and clinicians. The assessment process is voluntary and participants are encouraged to obtain additional opinions if they disagree with the outcome of the assessment. Clinical recommendations are also provided if requested and warranted.

## Professional Assessment Center (PAC)

Susan J. Campling PsyD, RN, CSAT-S, CSOT, CDVC  
*Director*

# INTRODUCTION

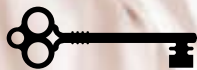

The PAC participant is assessed utilizing interviews and measures of:

- Personality organization
- Intelligence
- Sexual compulsivity and other process addictions
- Drug and alcohol use/abuse/dependence
- Family of origin function
- Spiritual functioning
- Collateral interviews
- Post-assessment feedback and consultation

Additional assessment may include:

- Abel Screening
- Vocational Assessment
- Polygraph
- Forensic Interview
- Ability/Achievement

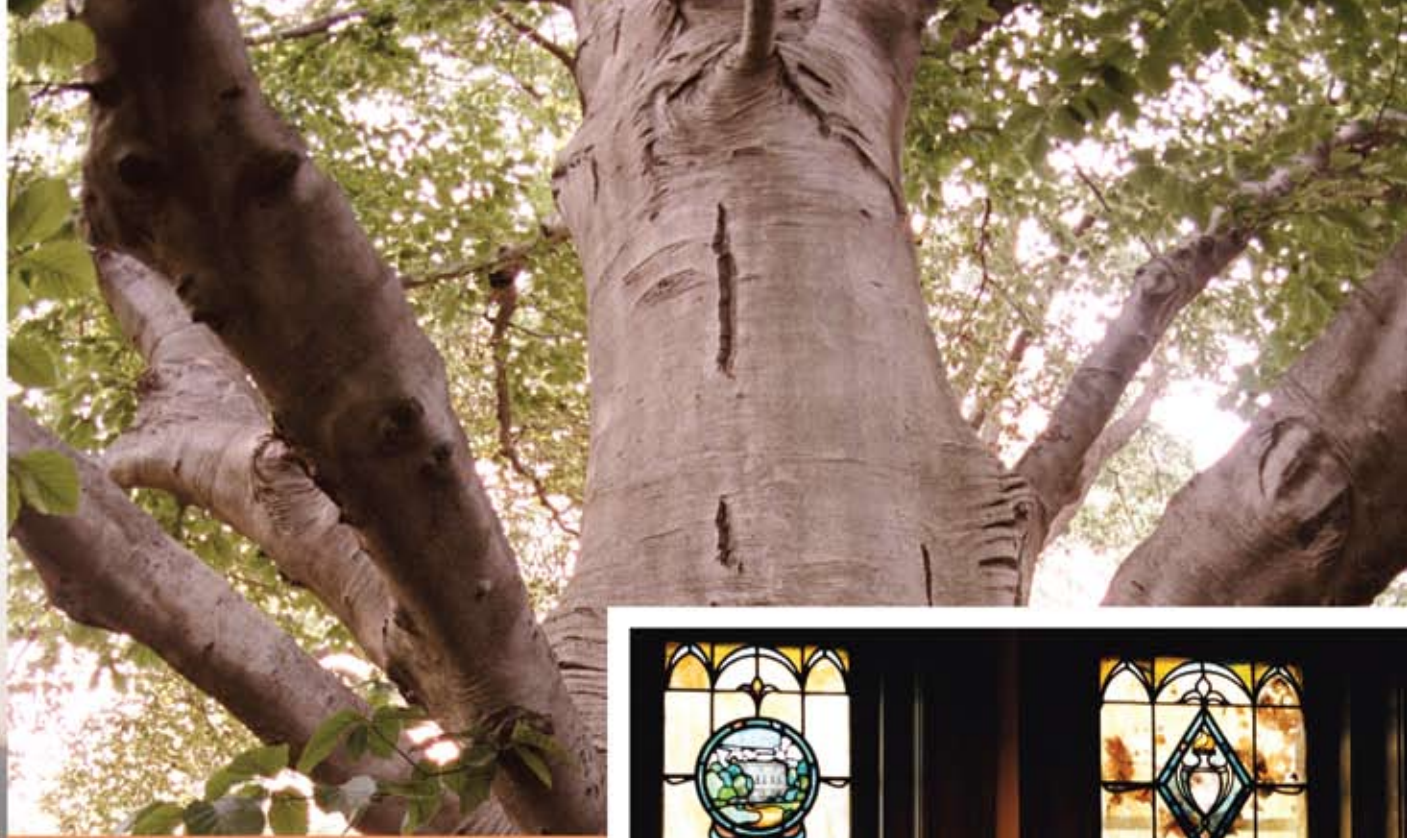

Assessment days start at 9am and generally last for 8 hours. Lunch is on your own and sufficient time will be provided to complete small personal errands and to return messages. Participants will be provided with feedback regarding the assessment with treatment recommendations if necessary.

## COSTS

Requests for Abel Screening, polygraph, medical laboratory testing (blood tests, electrocardiogram, etc) and other procedures deemed extraordinary may require additional costs. Payment is expected upon arrival. Participants are responsible for submitting all receipts to their insurance carrier.

Individuals can be referred by their Outpatient Clinicians, another provider or professional licensing boards.

## SCHEDULING

Requests for PAC assessments are arranged through the Extended Care Unit (ECU) office and may be reached at 800-733-6840. Limited slots are available for PAC assessments. Persons wanting to participate are encouraged to call early. Lodging recommendations can be provided upon telephone scheduling. Participants are responsible for reserving their lodging. Meals are not provided.

Additional information regarding Keystone Center ECU services and staff can be obtained at [www.KeyStoneCenterECU.net](http://www.KeyStoneCenterECU.net) or by calling 800-733-6840.
